## \$10,000 DAMAGES ASKED FROM BUSBY ECONOMY STORES

Mother of Boy Injured by Company's Automobile Brings Suit Asking Heavy Damages for Injuries Sustained in Fall From Same.

Mrs. Flora M. D., mother of H. P. Day, small boy who was seriously injured last June when he fell from an automobile owned by Busby Economy Stores, today brought suit in the Mason Circuit Court against the Busby corporation asking damages in the sum of \$10,000 for injuries received by her son in that accident and \$400 additional for hospital, physician and nurse fees.

The mother states in her petition that while operating one of its automobile trucks in the usual course of its business, by and through one of its employees, George Ross, alias George Duzan, the defendant by its agent, without her knowledge and consent, permitted her infant son, who was then seven years of age, to get upon the automobile truck and carelessly and negligently permitted him, while the automobile was running, to fall therefrom while it was being operated at a dangerous and rapid rate of speed in East Second street, so as to cause him to fall with such force and violence that by reason of his left hip was broken, his head injured and he received other external and internal injuries and was permanently injured.

The mother further states that by reason of this alleged negligence she has and will be deprived of her son's services from the date of his injury until the 31st day of March, 1934, the date said son becomes of age; which said services for that period will be reasonably worth the sum of \$10,000. The plaintiff also asks judgment for the sum of \$350 for hospital, nurse and physician's fees and an additional sum of \$50 for services she was required to give her son, making in all a total of \$10,400 for which sum she prays judgment against the defendant corporation.

## LOCAL TELEPHONE MANAGER WILL GO TO INDIANA

Mr. W. C. Corman Accepts Position as District Superintendent of Telephone Company in Indiana.

Mr. W. C. Corman, who for the past several years has been manager of the Maysville Telephone Company, resigned his position with the local company yesterday and will leave Maysville about the first of September for North Vernon, Ind., where he will be located as District Superintendent for the Southern Indiana Telephone and Telegraph Company, having under his direction four large telephone exchanges.

Mr. J. J. Veatch, of Paris, District Superintendent of the local company, was in Maysville today going over matters in the local office with Manager Corman so that the office can be turned over to the new manager as soon as he is selected. Mr. Veatch today stated that he could not announce as yet the name of the new manager for the local office as it would be necessary for the Board of Directors to act upon his recommendation before the appointment could be announced.

Mr. Veatch stated that the company was indeed sorry to lose Mr. Corman as he had proven a very valuable man to them but Mr. Corman was offered a much better position than the one he held here, he could not refuse it. Mr. Corman and his splendid family have made many warm friends during their residence in Maysville who are very sorry to hear they will leave.

### BASEBALL GAME AT LEAGUE PARK, SUNDAY.

Owingsville Giants vs. R. J. R. Specials Sunday, August 29th, at League Park. This will be an exceptional opportunity for the baseball fans of Maysville and vicinity to see the best colored team in Northeastern Kentucky combat with Maysville's fastest colored team. The Specials are playing the brand of ball that the fans are craving, having shut out the Stars and allowing them 3 hits in their last game. The Specials' percentage is .767 for the season. There will be seating capacity for 500 fans. Game called at 2:55 p. m. Umpires Fields and Rawley. 25 Aug 4.

### FIGHTER WAS NOT GROCER.

The George Vogel who was fined in Squire Bauer's court a few days ago on a charge of fighting with his wife, was not Mr. George Vogel, the Fifth ward grocer, but is an employee of the Maysville Ice Factory.

After hearing all of the evidence the jury retired to the jury room and returned this verdict:

"We, the jury, find that J. H. Montgomery came to his death on August 22, 1920, by falling from extra freight train No. 1034, C. & O. Railroad, near Maysville, Mason county, Kentucky, and from the evidence introduced believe that said falling was purely an accident."

"H. L. Walsh, Foreman; James M. Rains, C. R. Nover, W. R. Girvin, D. B. Jenkins, and J. R. Roberson."

### WOODWORKERS PLAY HERE SATURDAY.

The Woodworkers ball team of the Ohio Valley Pulley Works plays the fast Sardis team at League Park here Saturday afternoon and on Sunday afternoon they will play the Shannon team at Shannon. Saturday's game here should bring out a good crowd. The woodworkers are playing good ball this year.

### CANADIAN BOY HERO IS WELL TREATED HERE.

Connie Levender, the 15 year old Canadian boy, who is spending a few days in Maysville, is now having the time of his life. The American Legion members here have taken the youngster in charge and they are showing him a good time. He went to the fair today as the guest of the legion members.

### OHIO FAIR IS BAND'S NEXT ENGAGEMENT.

The Maysville Boys' Band's next engagement is at the West Union Fair. The local band played last year for the Adams county fair and greatly pleased the large crowds which always attend the popular annual event. This year they are planning to give the Adams county folks something out of the ordinary in a high class program.

### SUNDAY SCHOOL HAS BIG LAWN FETE.

The Sunday school of the "Little Brick" church enjoyed a very delightful evening at the church lawn Wednesday evening. Besides playing many games refreshments were served. This fete took the place of an annual picnic and was greatly enjoyed by all.

### JUDGE BLAIR HERE.

Judge Blair, the Republican candidate for Congressman in the Ninth district was in Maysville today making new friends. Judge Blair says things look very encouraging for him and he believes that conditions are right for him to defeat Congressman Fields in the November election.

## PURELY ACCIDENTAL WAS DEATH OF C. & O. BRAKEMAN

Inquest Held This Morning Into Death of C. & O. Brakeman Montgomery — Jury Finds He Fell From Moving Train.

Acting Coroner Fred W. Bauer and a jury this morning made an investigation into the death of James Howard Montgomery, brakeman on C. & O. freight train No. 1034, whose body was found along the tracks at an early hour Sunday morning and they found that his death was purely an accident.

Conductor Davis, who was in charge of the train upon which young Montgomery worked, testified that he last saw Montgomery at Concord and that they walked together from the middle of the train to the engine. He said that upon the train's arrival at Maysville the brakeman was not seen but as this was nothing unusual there was nothing thought of the matter. When the train stopped at Broshears the brakeman was not seen but there was no examination of the train made until the train reached Stony Point when the train was searched carefully and Montgomery was not found. This was reported to the Chief Dispatcher by telephone.

Engineer Belew stated that he last saw Montgomery at Concord when he was en route to the engine to get his lunch. At Stony Point when a search of the train for an air leak was made, Mr. Belew found Montgomery's light and near it a part of his lunch. The lamp was sitting on the steps to a coal car while a part of the lunch was on top of the car.

Brakeman Kramer and Fireman Curtis testified to practically the same as the other members of the crew.

Brakeman Staton, who was on eastbound freight No. 92 testified to his finding the body of Montgomery with the legs cut off laying between the main line tracks about 25 car lengths east of Bates station which is the railroad station at Dam 33.

All members of the train crew testified that there were no hoboes on the train so far as they saw and that the train was moving at about 12 miles an hour as it passed Bates station.

After hearing all of the evidence the jury retired to the jury room and returned this verdict:

"We, the jury, find that J. H. Montgomery came to his death on August 22, 1920, by falling from extra freight train No. 1034, C. & O. Railroad, near Maysville, Mason county, Kentucky, and from the evidence introduced believe that said falling was purely an accident."

## CRAP GAME NEAR FAIR GROUNDS IS RAIDED

Officials Drop Down on Big Crap Game In Hollow Near Fair and Arrest Several, Both White and Colored.

Learning that a big crap game was going on in a hollow on the old Winter farm near the Germantown Fair grounds Thursday, Sheriff Galbreath, Chief of Police Ort, officers of the fair-grounds and others formed a posse and swooped down on the big game Thursday afternoon.

Some twenty odd men of both colors were taken while others seeing the posse approaching, made their escape. The men were taken before "Squire" Fred Dressel, who is holding court on the fair grounds. Some of them were fined and many others, who claimed to be only on-lookers, were dismissed with the admonition that officials of the fair would not permit any gambling near the grounds and that the officers of the law intended to enforce the law to its fullest.

It is understood that much Jamaica ginger and other substitutes for liquor was found about the place where the gambling was in progress but it is now thought that the disorder has been entirely broken up.

William Hall and wife, colored, were arrested last night when they engaged in a family fight at their home in Morrison alley. They will be tried this afternoon in Police Court.

All of the colored men are strangers here and had been about the fair grounds for several hours when they are alleged to have robbed the local colored man's pocket. They have been charged with grand larceny and the trial this afternoon will only be an examination.

Miss Martha Green Sharp, of The Kirk, returned last night after spending several days in Paris with relatives and friends.

## ALLEGED PICKPOCKETS ARE ARRESTED HERE THURSDAY

Three Colored Men Charged With Picking a Man's Pocket of \$25 Will Be Given Hearing Late This Afternoon in Police Court.

Thursday night Chief of Police Harry A. Ort was advised by telephone from the Germantown fair grounds that three colored men had picked Oscar Gamby's pocket of \$25 at the Germantown fair grounds and that they were on their way to Maysville.

Sheriff Ort caught the trio just as they were coming into Maysville from Germantown and lodged them in jail. They will be given a hearing in the local police court this afternoon. The men are Jesse Utterback, of Lawrenceburg, Ky., George Hambrick, of Cincinnati, and Matt Washington, Keystone, W. Va.

All of the colored men are strangers here and had been about the fair grounds for several hours when they are alleged to have robbed the local colored man's pocket. They have been charged with grand larceny and the trial this afternoon will only be an examination.

## DAMAGES SOUGHT AGAINST EXPRESS CO. FOR LOSSES

Maysville Produce Company Asks Damages Against Express Company for Failing to Deliver Goods.

The Maysville Produce Company brought suit in the Mason Circuit Court this morning against the American Railway Express Company asking judgment for the full sum of \$780.08 with interest from December 5th, 1919, and costs for property which the local company claims to have turned over to the express company for delivery.

Five shipments in all are cited by the local company and in each case they claim to have delivered to the Express company packed poultry for delivery to Eastern markets. They charge that the express company failed to deliver this poultry to the parties to whom it was consigned but that they sold the poultry to others at a loss and in each case the local company contends they lost heavily.

On the first shipment they claim a loss of \$210.70, the second \$11.59, the third \$193.74, the fourth \$122.08 and the fifth \$141.97 making a total of \$780.08 for which they ask judgment.

London, Aug. 27. — Terrence McSweeney, hunger-striking lord mayor of Cork, was reported weaker in his cell at Brixton jail early today. He is not expected to live many hours more.

## TROTZKY TAKES PERSONAL CHARGE OF POLISH FRONT ARMY

"Soviet Napoleon" Is Removed From Command Because of His Failure to Take Warsaw, Reports From Warsaw Today.

Warsaw, August 27. — General Tuchatschewski, known as the "Soviet Napoleon," has been relieved of his post as commander in chief of the Bolshevik army on the Polish front because of his failure to take Warsaw, according to information given to the press here. Leon Trotzky, Bolshevik minister of war and marine, has personally taken command of the army, it is reported by Bolshevik officers who have been taken prisoner.

General Tuchatschewski has had a remarkable career in the Russian army. He is of noble birth, and at the outbreak of the World War was captured by the Germans. After he escaped and resumed his place in the army, rising to the rank of lieutenant. When the Soviet government was formed he rose to high command, being credited with the defeat of Admiral Kolchak, in Siberia, and General Denikine in Southern Russia. He is only 28 years old.

## HIGH LIVING COST CAUSES INCREASE IN CHILD LABOR

Report Shows Both Boys and Girls Are  
Compelled To Go To Work To Sup-  
port Families — "White  
Collar" Class Hit.

Chicago. — Four thousand more chil-  
dren are working in Chicago today,  
than a year ago, according to Clyde A.  
Brown, Acting Director of the City  
Vocational Guidance Bureau. The in-  
crease in child labor is said to be  
general in the Middle West, but exceptions  
are noted in Missouri, Kansas  
and North Dakota.

Necessity of the child helping the  
family meet the high cost of living, the  
pulling power of higher wages and  
scarcity of adult labor together with  
the discovery by employers that women  
and children often could take the  
place of men were cited by Mr. Brown  
among the reasons for a similar in-  
crease in child labor in other parts of  
the United States.

Minnesota officials report that child  
labor is nearly doubled in that state.  
The greatest increase, they say, is  
among children of the "white collar"  
class whose parents have been forced  
by rising prices to permit their  
children to work. About 3,000 under 16  
years of age are now at work in Min-  
nesota.

Wisconsin statistics on child labor  
for the year are not yet tabulated but  
officials say enough returns are in to  
indicate a considerable increase over  
previous years. Some boys under 16  
years have been reported receiving \$100  
a month.

T. C. Jennings, Texas State Labor  
Commissioner, reports an increase of  
about ten per cent. in Texas child la-  
bor over last year. Postponement of  
compulsory school attendance, he  
says, has been a factor.

State Labor Commissioner Claude E.  
Connally of Oklahoma says more viola-  
tions of child labor laws have been

brought of the attention of his office  
this year than previously, from which  
he deduces an increase in juvenile  
workers. Connally said the increase in  
violations was probably due to the fact  
that there was 30 per cent. more jobs in  
the state than workers.

A. L. Urick, Iowa State Labor Com-  
missioner, recently reported that ap-  
proximately 1,000 more permits had  
been issued in the past year to chil-  
dren between the ages of 14 and 16  
than in the year previous.

Kansas and North Dakota report  
child labor in those states as almost  
negligible. St. Louis reports de-  
crease. Children now employed in  
that city are stated to number 5,000,  
which is 750 less than were at work  
there a year ago. The State Factory  
Inspector's office says the decrease is  
general all over the state. The fed-  
eral tax on child labor is given as the  
cause of the decrease.

ROPE OF HUMAN HAIR  
USED TO HOIST TIMBER

Cable 300 Feet in Length and Three  
Inches Thick Contributed By  
Japanese Women.

In St. Kilda hair ropes are used for  
climbing the cliffs in search of sea  
birds' eggs. To obtain the material for  
these ropes takes many years, and  
they are highly prized by such of the  
islanders as are fortunate to possess  
them.

A hair climbing rope is in the nature of  
a family heirloom, and is frequently  
handed down to the eldest daughter as  
a wedding dowry.

Similar ropes are not unknown in  
other countries. One of the most re-  
markable of these is mentioned by Sir  
Frederick Treves in his book entitled  
"The Other Side of the Lantern."

He describes it as lying curled up  
like a gigantic caterpillar within the  
great Buddhist temple at Kioto. It  
measures 300 feet in length and three  
inches in diameter, and is made up of  
contributions from the heads of many  
hundreds of thousands of Japanese  
women.

Long ago it was used to drag the  
timbers to the building and to hoist  
them into place, and now it is carefully  
preserved, a sacred relic, within the  
vast edifice it helped to raise.—Detroit

## SAVE CLOVER SEED

## FOR HOME USE.

The second crop of clover has made a  
good growth in most parts of Ken-  
tucky this year and there are many  
fields that could be profitably harvested  
for seed if clover hullers were  
available according to the department  
of Agronomy, College of Agriculture,  
University of Kentucky. The depart-  
ment adds that it is practical to save  
seed for home use, however even with-  
out a huller and while such seed is a  
little more difficult to sow its use will  
make a substantial saving when clover  
seed is as high prices as at present.

After the seed heads are brown and  
the seed hard and glossy the seed  
should be cut and raked into small  
windrows. Setting the cutter bar to  
cut as high as possible is a good plan  
as it will reduce the amount of straw  
that must be handled. When the clover  
is thoroughly dry it should be put under  
cover or stacked and the stack  
covered with straw. During late winter  
this material can be spread thinly  
over the field to be sown to cover thus  
giving a liberal seeding.

If a grain separator is available the  
clover can be run through the separa-  
tor and the seed freed from the straw.  
Most of it will still be in chaff but it  
can be sown without much trouble.  
Finally the seed can be flailed out by  
hand and the chaff seed procured.  
Chaff seed give just as good results as  
the clean seed and the only disadvan-  
tage in its use is the difficulty of distribu-  
tion. When there is a considerable  
amount of clover seed in a county it  
ought to be possible to get some of the  
men operating threshers to get attach-  
ments for their machines for cleaning  
clover seed. Most manufacturers of  
threshers make these attachments and  
it is said that they give very satis-  
factory service.

Lord Desborough, who is coming to Canada to preside at the congress of the Chambers of Commerce of the Empire, to be held at Toronto next month, is one of the most popular figures in British public life. He has long been a member of Parliament and has served on numerous important Government commissions. But it is as a true sportsman and athlete that he is best known to the public. From the time he was at Harrow (and played with the eleven in 1873, athletic have attracted him. At Oxford he was president of the university athletic and boating clubs. After leaving the university he indulged in the pastime of Alpine climbing, and later visited the Himalayas. He swam across Niagara on two occasions, and completed a variety of achievements by carrying off the punting championships for three years. He is also well remembered as chief director of the Olympic games held in London in 1908.

## ROOSEVELT HAD FORESIGHT TO SEE BOLSHEVIK DANGER

Late Theodore Roosevelt Feared I. W. W. in This Country As He Feared Bolshevism in Russia.

Washington, Aug. 25. — That the most inhuman and savage misdeeds of the American Indians in the early days of white settlement cannot match the cruelties practiced by the Russian Bolsheviks, is the assertion made by Mr. Edwin H. Bouton, a prominent Baltimore business man who has spent eleven months in Poland. "In fact," says Mr. Bouton, "so hideous and revolting have these forms of cruelty become that the Russians have in many instances refused to carry them out, and the Bolshevik leaders have in their hire a band of Chinese expressly employed to commit the vilest of their foul deeds against captives."

Not many people are aware of the fact—but it is a fact nevertheless—that the Wilson administration must bear a large share of responsibility for the dominance of bolshevism in Russia. The administration has played hand-in-glove with the bolsheviks and their American sympathizers. It permitted the holding of a bolshevik meeting in a hall owned by the government at Washington, and so dangerous were the doctrines talked at that meeting that protest was voiced on the floor of the United States Senate. The Democratic administration has given refuge to bolshevik sympathizers and kept many of them on government payrolls. One of President Wilson's appointees wrote to Col. Theodore Roosevelt in behalf of Mooney, the San Francisco I. W. W. leader who had been convicted of murder, and Col. Roosevelt replied, refusing his cooperation and saying:

"I answer your letter at length because you have taken and are taking on behalf of the administration an attitude which seems to me to be fundamentally that of Trotsky and the other Bolshevik leaders of Russia; an attitude which may be fraught with mischief to this country."

Time has shown that Col. Roosevelt foresaw the danger but under-estimated its degree. The Trotsky attitude, aided by the Democratic administration, proved to be not merely a danger to this country but to world civilization. Not even the aboriginal American savage who scalped, his victim, committed such vile atrocities as are recorded to the discredit of the bolshevik protégés of the Democratic party. Roosevelt's protest was of no avail, and today that same Democratic party would perpetuate itself in power by nominating a man bearing the Roosevelt name who has been a member of the administration Col Roosevelt denounced.

Unless the American people lose their memories between now and election day, there is no likelihood that the party which affiliates with bolshevism will be able to win by such a transparent ruse. The vast majority of the rank and file of the Democratic party are men and women of patriotism, industry, thrift and sanity. Without their consent—without their knowledge—the party leaders have linked the administration with bolshevism, although at this late day they seek to break the association. The election returns in November will show that the rank and file resent the course pursued. They will rebuke the leaders in a manner that admits of no misunderstanding either in America or Russia.

CRATES FOR STORAGE  
SHOULD BE READY.

The reason many farmers have trouble keeping fruit and vegetables is that they do not use proper containers. The Experiment Station has many inquiries each year on how to store fruit and vegetables. It does not matter whether a cellar or cave is used for storage rooms the boxes, barrels or crates must be provided with suitable openings for ventilation.

If barrels are used for storage there should be holes in the sides or bottom; If boxes are used openings should be cut so as to permit free passage of air. Perhaps the best container is a slat crate. When good, healthy fruit is stored in these crates where excellent ventilation is afforded on all sides the fruit usually keeps well. Handle the fruit to be stored with care. Bruises caused by rough handling may not show immediately but sooner or later will develop in the fruit.

Do You Want Your Kidneys Examined?

Kidney troubles are getting more common every day. Government health bureau figures say deaths from this course are 72 per cent more than 30 years ago.

Anybody who suffers constant backache, who has dizzy spells, headache and urinary disorders should suspect kidney weakness. Overworked kidneys must have a rest. Take things easier; live more carefully. Take a good kidney remedy to build the kidneys up again.

But be sure to get Doan's Kidney Pills—the oldest, the most widely used, the best recommended of all kidney pills, now in use all over the civilized world. Ask your neighbor. Don't experiment with your kidneys. Thousands have already tested Doan's. You have their experience to go by. Plenty of cases right here in Maysville. Here's one:

Mrs. W. A. Schatzmann, 605 E. Second St., Maysville, says: "From the benefit I have received from Doan's Kidney Pills, which I buy at J. J. Wood & Son's Drug Store, I have every reason to recommend them. When my kidneys have been irregular in action, or I have suffered from weakness and lameness in the small of my back, I have used Doan's Kidney Pills. They have always proven sufficient to quickly cure an attack."

Price 60¢ at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Schatzmann had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### OIL IN PAYING QUANTITIES THOUGHT TO BE LOCATED

Experts Say They Believe Oil in Paying Quantities Can Be Found In

Brown County, Ohio.

The Georgetown (O.) News-Democrat says:

The report of the investigation of this section for prospects for striking oil as made by Mr. F. Marquis Chappies to Mr. Frank Piatt and Mr. Gwynne Dennis, states in substance that, probably two sands in which oil would be found before a depth of 3,000 feet would be reached, which would send the drill below Trenton stone, where an inexhaustable basin would be found.

The young Miss had not proceeded far from the fence when the enraged animal made at her and caught her body and tossed it over the fence, where fortunately she was free from the furious brute. Had she fallen within the enclosure she surely would have met a horrible fate, but luck was on her side.

Mr. Chappies has been inspecting this section, and the three gentlemen came here from Cincinnati, Monday, and conferred with local business men. They represent a promoting company which has been drilling many wells in Kentucky. Mr. Chappies stated that he had traced the trend of oil to within about the same distance south of the Ohio River that this section is north of that stream. At that point oil had been found in paying quantities.

What a benevolent offer God makes yet how few avail themselves of its benefits. A life surrendered to God cannot fail. We rely upon heredity, environment and will and ignore God's proffered aid. Because of this we fail. It is in this way that God makes the weak things of this world confound the mighty. It is through faith that this wisdom is obtained. God is no respecter of persons. All are invited to ask and receive. Those who have made the greatest achievements have attributed their success to divine aid. We are not to discount human wisdom coming from study, experience and advice, but when all these sources of help have been exhausted there remains the greatest of all assistants, and that is God. We need this heavenly wisdom in the small as well as the great things of life, and we can have it for the asking. Solomon's wisdom was God's gift and was given because it was sought.

CLAIM CONTRACTS WERE BROKEN IN SUITS.

J. J. McCarthy brought suit this afternoon against Joseph Armbruster charging that for \$20 the defendant agreed to sell him exclusive privilege of selling dolls on the Germantown Fair grounds and that by reason of the agreement he went to considerable expense in shipping the merchandise to the fair grounds. He says that the defendant failed and refused to comply with his contract to permit him to sell dolls to his damage in the sum of \$300. Edward Hall brings suit against the same defendant. The suit is identical except that he says he was to have the exclusive privilege to sell dolls at the fair for the sum of \$40. He claims to have been damaged in the sum of \$800.

AUGUSTA HAS NEW FIRE ENGINE.

The Augusta Chronicle says:

The new Motor-driven fire engine was tested Tuesday and those in a position to know claim that the test was satisfactory. A good stream of water can be thrown over any building in town, and it is said that the chemical apparatus would have extinguished 90 per cent. of the fires we have had in the past 25 years.

### YOUNG GIRL ATTACKED BY A VIOLENT BULL

Lewis County Girl Has Narrow Escape  
When Attacked By Mad Animal.

The Vanceburg Sun says: What came near proving a horrible death took place Monday at Crum when Miss Jessie Curtis went to salt the cows, as was her custom. They had lately purchased a large Holstein bull and he was permitted to run with the other cattle, not knowing he was vicious.

The young Miss had not proceeded far from the fence when the enraged animal made at her and caught her body and tossed it over the fence, where fortunately she was free from the furious brute.

Dr. Foreman was called, who found no bones broken, but the young lady was much bruised and is suffering much pain.

### CUT WIFE'S SHOES; MUST LEAVE TOWN.

Frank Van Dam, a son-in-law of Mr. George Vantine, of Clifton, was before Squire Fred W. Bauer this afternoon. It was charged that Van Dam had attacked his wife, who had been sick and had cut a practically new pair of shoes belonging to her. Squire Bauer made Van Dam pay over to him \$10 to buy his wife another pair of shoes and then gave him 45 minutes to catch a train out of Maysville.
